

**Manhattan Center for Science
and Mathematics**

**Pleasant Avenue between
East 114th and 116th streets**

Work Notice

Saturday, June 27, 2015 – Sunday, August 30, 2015

Starting Saturday, Con Edison will begin construction on an internal ventilation system at the Manhattan Center for Science and Mathematics, which is located on a former Manufactured Gas Plant (MGP) site. All work will occur on school property and mainly inside the school.

On June 27 and 28, Con Edison and its contractors will work from 8 a.m. to 5 p.m. After that, work will be performed during nighttime and daytime hours, with specific timeframes changing over the summer.

Work will be performed around the clock from July 2 through July 19.

A crane will be located on school property during a weekend in August.

For more information about Con Edison's MGP program and plans for the site, visit conEd.com/MGP. If you have any questions, email walshb@conEd.com or call 1-212-460-3871.
