

Instant Lighting Program

Eligible Products & Incentives

Get incentives for high-efficiency ENERGY STAR® & DesignLights Consortium LED lamps, fixtures, and retrofit kits to reduce costs and make your projects more energy efficient.

The Qualified Product Lists (QPLs) linked below contain all current product information and model numbers for eligible lamps, fixtures, and retrofit kits. Prices and product names in the Instant Lighting Participating Contractor Handbook and other supporting documents are intended as a reference and are not meant to replace the QPLs.

Product Category	Certification	Qualified Product List Link
LED Lamps, Fixtures & Retrofit Kits	ENERGY STAR®	energystar.gov/productfinder/product/certified-light-bulbs
4 Pin, 2G11, TLED, Moguls, Fixtures & Retrofit Kits	DesignLights Consortium® (DLC®)	designlights.org/qpl

Incentive Levels

These levels are per unit and may change based on lighting market trends and program performance. Pricing may vary by manufacturer and/or distributor. Please validate on the Instant Lighting Distributor Portal, or contact the program team if you are uncertain of a product's eligibility or incentive level. Any lighting measure not listed below is not presently eligible for incentives under Con Edison's Instant Lighting Incentive Program.

- Pre-approval is required from the Instant Lighting Program Team before any fixture or retrofit kit sale can be submitted.
- All measures are a one-to-one replacement and must match the categories below:
