Join our Direct Payment Plan. Just place an 'X' in the DPP enrollment box on your payment slip when you mail back your payment by check. We'll use your banking information to enroll you in the plan. Then, each month, after you've had time to review your bill, we will automatically deduct your Con Edison bill payment from your checking account. Join Now.

THIS BILL IS FOR A LONGER PERIOD. Because of all the holidays in November and December, we made some changes to our meter reading schedules. This bill covers service used for 34 days. Your usual Con Edison bill period averages between 28 and 33 days. Be assured that you are only charged for the usage recorded on your meter.

Con Edison's offices will be closed, Monday, December 26, and January 2, in observance of Christmas and New Year's. In the event of an emergency, our call center is available 24 hours a day, every day, including the holidays. However, we will experience very high call volumes on Tuesday, December 27, and January 3. You can avoid an extended wait by not calling on those days.

YOUR DOLLAR FOR ENERGYSHARE CAN MAKE A DIFFERENCE. If you pay the total amount of this bill and exactly \$1.00 more, that dollar will go into the EnergyShare fund sponsored by Con Edison. And, Con Edison matches each contribution. EnergyShare helps eligible residential customers who are struggling to pay their bills with one-time grants of up to \$200.

You'll find up to a year's worth of data about your private solar generation credits, with descriptions of each column below.

Credit Carried Forward to Next Period -1321

Your electricity use -459 kWh

The electricity supplied to you by Con Edison or the electricity you generated back into the grid during this period. A negative number indicates a net meter energy credit for the period.

Cumulative net meter energy credit -1,321 kWh

The sum of your net meter energy credit(s) you earned in the current billing period and any credits from prior billing periods.

kWh billed 0 kWh

The amount of kWh you were billed for in this billing period. If you generated more electricity than you consumed in this current period and/or have a cumulative net meter energy credit from prior period(s), that credit has been applied towards your kWh Billed.
